

We Provide Hope To Those In Need

We connect people in need to technology that makes it easy to manage and get help for basic services including food delivery, cleaning services, transportation and other basic needs at **no charge** to the individual.

Corporate Partnership

Join our mission to help your community thrive after a cancer diagnosis.

It is our experience that in the corporate setting, when an employee experiences a medical event, team members want to help, but don't have specific ways to do so. Oftentimes team members are scrambling to find some way to contribute or feel helpless and unsure of what to do to support each other.

Hearing that you have cancer is hard enough. We founded Beyond Basic Needs to get past the stigma of asking for help and receiving the support required after a cancer diagnosis. We have partnered with Give InKind, an easy-to-use online tool for organizing support during life's important and challenging moments.

There is NO COST to the employee, the organization or the supporter to use the platform. Not only is it free, it makes such difficult and uncomfortable situations simple and easy with little lift required by HR, Management, and/or team members!

Beyond Basic Needs is a Section 501(c)(3) public charity. Our volunteer network spreads awareness and helps those in need utilize available technology to organize support.

How It Works For the Employee

- 01. Create an InKind Page**
 - Visit BeyondBasicNeeds.org and click Get Support
 - Start your InKind Page in just five minutes
 - Share your story, photo, food, delivery preferences and more
 - Let people know if phone calls, texts, visitors, or flowers are ok
- 02. Customize the InKind Page**
 - Add unlimited requests for meals, child care, gift cards, and other help — for free
 - Build a Wishlist and connect Donation accounts to enable multiple ways to help
 - Invite others to help co-manage your InKind Page and organize support
- 03. Share the InKind Page**
 - Invite coworkers, friends and family from near and far to share in the support
 - Post Updates with photos and videos to keep others up-to-date from one centralized location
 - Receive the support that is needed from your community
